

# RESEARCH JOURNAL OF CHEMISTRY AND ENVIRONMENT

VOL. 29(6), JUNE 2025

**JOURNAL IS INDEXED IN SCOPUS,  
CHEMICAL ABSTRACTS, NAAS AND UGC**

Editor-in-Chief (Hon.)  
**Dr. P. Shyamala, Ph.D.**  
Visakhapatnam, INDIA

Correspondence Address:  
**Research Journal of Chemistry and Environment**  
Sector AG/80, Scheme No. 54, Indore 452 010 (M.P.) INDIA  
Mobile: +91-94250-56228

**CONTENTS**

| <b>Research Papers:</b> |                                                                                                                                                                                                                                            |       |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|
| 1.                      | <b>New symbiotic antifungal strategies based on medicinal plants and metal complexes</b><br>- Bharti Dipti, Kumar Ashish, Tiwari Brij Kishore, Akbar Ali and Singh Rahul                                                                   | 1-6   |
| 2.                      | <b>Comparative Analysis of Ecological Risk Assessment in Coastal Regions of India: A Case Study of Nagavali Estuary, Srikakulam, Andhra Pradesh</b><br>- Koneru Neha and Mani Gudivada                                                     | 7-14  |
| 3.                      | <b>Green Iron (Fe) Nanoparticle Synthesis and Characterisation for Photocatalytic studies using Copper Pod Leaf Extracts</b><br>- Saravanan N.                                                                                             | 15-19 |
| 4.                      | <b>The Ameliorative Effects of Broccoli Extract on Lead-Induced Reproductive Toxicity and DNA Damage in Pre-Pubertal Rats</b><br>- Venugopal Nithya, Jayaraman Radhika, Punniakotti Murali, Natarajan Pratheepa Sivasankari and Raja Veena | 20-30 |
| 5.                      | <b>Photocatalytic Degradation of Bispyribac Sodium by Cerium doped Zinc Oxide</b><br>- Paliwal Praveen, Ameta Rakshit and Chaudhary Varsha                                                                                                 | 31-37 |
| 6.                      | <b>Antioxidant and antibacterial Potential of Phytochemicals extracted from <i>Ehretia laevis</i>—an <i>in vitro</i> and <i>in silico</i> analysis</b><br>- Vivek K., Abdhul K., Mahendran D., Poonkothai M. and Saravanan K.              | 38-50 |
| 7.                      | <b>Isotherm, Kinetic and Thermodynamic Studies of Adsorption of Naphthol Blue Black-B Dye from Aqueous Solution using Synthesised Copper Oxide Nanoparticles</b><br>- Saraswathi G. and Vasuki M.                                          | 51-61 |
| 8.                      | <b>Cobalt Oxide-Graphitic Carbon Nitride Nanocomposite as an Efficient Photocatalyst for Degradation of Azure B Dye</b><br>- Ugale P., Buchude V., Bachhav S., Jhalora P. and Ameta Rameshwar                                              | 62-68 |
| 9.                      | <b>Green synthesis of silver nanoparticles from waste peel of tuber vegetable [elephant foot yam (<i>Amorphophallus paeoniifolius</i>)]</b><br>- Morbale Smita T. and Nikam Ruchika D.                                                     | 69-74 |
| 10.                     | <b>Removal of Sulphate from contaminated water bodies of River Rushikulya using Natural adsorbent</b><br>- Hota Sasmita, Mishra Manoranjan and Tripathy Upendra Prasad                                                                     | 75-83 |
| <b>Review Papers:</b>   |                                                                                                                                                                                                                                            |       |
| 11.                     | <b>Sustainable Strategies for Membrane based Treatment of Industrial Biowaste Sewages</b><br>- Shrivastava Shilpi and Gupta Priyanka                                                                                                       | 84-90 |

|     |                                                                                                                                                                             |         |
|-----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|
| 12. | <b>Schiff Bases and their Metal Complexes as Potential Anticancer Agents: A Critical Review</b><br>- Gupta Akhilesh Kumar                                                   | 91-108  |
| 13. | <b>Recent Advances in Integrated CO<sub>2</sub> Capture and <i>In situ</i> Conversion for Transitioning to a Lower Carbon Industry</b><br>- Pandey Preeti and Bano Sarvaree | 109-116 |
